

ARTOI FOUNDATION AWARD
"YOUNG RESEARCHERS IN INTEGRATIVE MEDICINE"

The ARTOI Foundation is pleased to announce the 'Young Researchers in Integrative Medicine' Award.

With this initiative, the Foundation will recognise the passion, dedication, perseverance, vision, creativity and talent of the youngest doctors and researchers in the field of integrative medicine (clinical activity and research), with a special focus on synergy and cooperation with conventional medicine.

Our aim is to support the commitment of the youngest in this field in order to ensure the development and continuity of integrative medicine in the future.

To qualify for this award, nominators must submit one scientific manuscript (either published or not during the years 2021 and 2022) to the ARTOI Foundation (segreteria@artoi.it), accompanied by a brief note describing the scientific work and a CV of the author/s.

Individuals **aged 40 and under may apply** for the award (consisting in 1,000 Euro).

A jury composed of the members of ARTOI Foundation's Scientific Committee will select award-winning manuscripts upon the following criteria: innovation, sustainability, scientific relevance and attention to the integration within public health services.

Deadline for manuscript submission is **July 31, 2023**.

The award ceremony will take place in Rome during the 2nd World Congress Integrative Medicine and Health.
