WORKSHOP 5

TIME: 4.30 PM

Stakeholder Input into the new WHO Global Strategy for Traditional, Complementary and Integrative Medicine

105 minutes

As the WHO is developing its new Global Strategy for Traditional, Complementary and Integrative Health 2025-2034, it is the ideal time for stakeholders to contribute to the planning.

The purpose of this workshop is to discuss and provide input on two key aspects of the new WHO strategy: research and integration into health systems and services.

The workshop is organized by the "People's Declaration on Traditional, Complementary and Integrative Healthcare" (TCIH Declaration), a coalition of over 300 professional and patient organizations, research and education centers.
