All scientific and educational exhibits will be displayed in electronic poster format and registrants will be able to view them onsite in the congress centre on TV screens .

Formal Requirements

 • Language: All electronic poster presentations must be **in English**.

• Advertising: **Advertising of products is prohibited**. Please make sure that your presentation provides objective information based on scientific methods generally accepted in the medical community, and is free of commercial bias.

• **Patient anonymity**: Kindly make sure that no patient names, hospital ID numbers, or any other information allowing the identification of a patient appear in your presentation material. Patient anonymity must be ensured at all times.

• **Copyright** reserved material: It is the author's responsibility to ensure that any part of the poster (figures, tables, images, etc.) is free of any third party right and/or cited correctly. Structure of the Poster Remember, the aim of your presentation is to convey to the viewer the essence of your topic in a relatively compact format.

• Text: Text should be well structured, concise, and to the point; presenting only enough data to support your conclusions. Key facts should be highlighted.

• Colours: Colours should be used sparingly. Choose colour combinations that make your text easy to read (preferably dark background – light fonts; avoid red and green).

 • Content: If you wish to direct the viewer to further work, please insert a hyperlink in your poster to allow access to further information. Use bullets, numbering as well as graphics, tables and images.

• Format: **Electronic posters will be accepted either in PDF (*.pdf) format.**

Posters should be prepared and sent in **9:16, Portrait, 200 DPI. 1MB Maximum**
